

SPAHCO MEETING NO. 2

# Psychoeducational Preventive Centre of Addiction and Family Help

Department of the Iława City Council

*Krzysztof Panfil, Krzysztof Kasprowicz*

ITALY-POTENZA, JANUARY 2017

# Questionnaire results

The aim of this anonymous questionnaire was to investigate parents' preferences in terms of the contents of the mobile application developed by the participants of **SPAHCO** project.

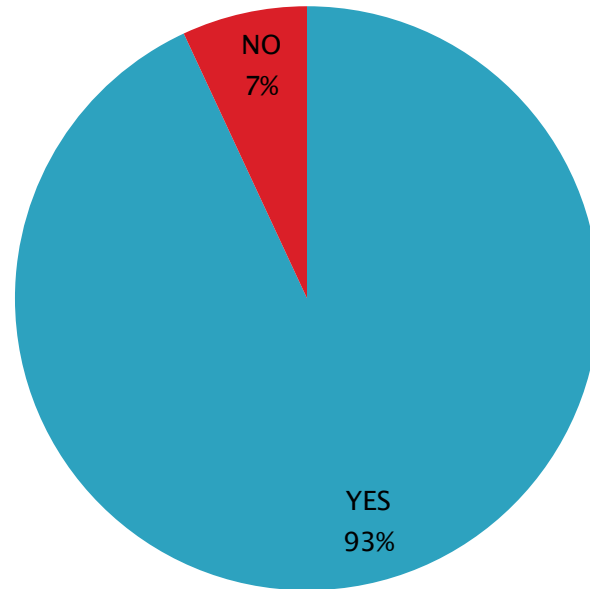

If someone would like the particular information to be included in the application – should indicate **YES**. If not – indicate **NO**.

Respondents: **250 parents**.
