

# SPAHC

## **ROLE OF CIVIL SECTOR/ INFRASTRUCTURES FOR HEALTH**

# Role of civil sector

- **Main role of civil sector is to assist people in risk of social exclusion: Associations of people with different disabilities (activities for them, employment, health promotion for inmigrants...)**

# Infrastructures for health (1)

- **Map of healthy resources.**
- **Health centers: family doctor, midwife, pediatrician, physiotherapist, odontology. ACTIVE and ARGOS Programs. Breast cancer prevention.**
- **Cycling paths.**
- **Three sport centers.**

## Infrastructures for health (2)

- **Sport machines for older people in parks.**
- **Parks & open spaces**
- **Public transport (too slow, some connections missing)**
- **Promotion of health networks (Healthy Cities, Bike Cities...)**
- **Mental Health Centre (in a nearby village)**
